THE UNK WEED REMEDY.

-OR-
OREGON
RHEUMATIC CURE

HISTORY.

This Remedy is composed of the active
principles of the Unk Weed, *Eugenia*
Cordia, *Original*, *Let*, *Indigenous* to
Oregon. Grows most abundantly and
perfectly in Washington Co.

PROPERTIES, Etc.
It contains an ACTIVE VOLATILE PRIN-
ciple, extracted by Ether, and a bitter TONIC
Principle, soluble in Alcohol.

Medical Properties and Uses.
It is the most sure and speedy cure for
Rheumatism, Rheumatic Gout, and
Pains of all kinds that was ever introduced
into the Materia Medica. THE UNK WEED
REMEDY, as prepared by us, in consequence
of the existing bitter principle, possesses the
necessary virtue of being a

POWERFUL TONIC,
Promoting the Appetite and Invigorating the
whole Digestive Apparatus, thus Building up
and Strengthening the system, while at the
same time the volatile principle, being ab-
sorbed in the blood, acts specifically on the
Rheumatic Poison, removing it from the cir-
culation and system.

There are a few remedies known to the
Medical Profession which will remove the
Rheumatic Poison from the blood, but whose
action is so powerful in depressing the sys-
tem of the already enfeebled Rheumatic pa-
tient, that their use has to be abandoned be-
fore specific effects are obtainable, hence the
want of success in treating this prevalent
disease. Unlike these Medicines, already
known, the

UNK WEED REMEDY,
though producing as powerful and as active
effects on the blood and system in removing
the Rheumatic Poison, also possesses a
strong Tonic and recuperating element which
admits of its continued use even by the most
Delicate and debilitated. Thus we have the
combination for the first time of these Two
Necessary Elements in one remedy, which
accounts for its Superior and never-failing

Roller Skating.—Roller Skating is as-

surprisingly a novelty that will wear. Its popu-

larity is steadily on the increase throughout

the civilized world. It combines the pleas-

ures of the ball room with the advantages of

the gymnasium and is a delight at once to

young and old. It is one of the few recrea-

tions which the genius of amusement has

supplied to youth to which the doctors and

preachers do not take exception, yet it is as

graceful, strengthening to the limbs, expands

the chest, teaches self-reliance, and is con-

ducive to general health. Eminent Eastern

physicians recommend the exercise for its

hygienic and invigorating tendencies, and

many striking proofs are furnished of its

efficiency in restoring impaired health. In-

tellectual and social culture among us

recreations, as they should attract attention, but

these can never attain to their highest de-

velopment until our physical condition, the

base of all, is better appreciated. Sound

minerals of the body are necessary to form

a community that shall withstand all shocks

and produce the highest results of civilized

life. Physical weakness is, almost without

exception, the inviting cause to most diseases

of both sexes. When the vital forces

are strong and the blood courses freely,

there is no danger. We all know that

any physical exercise, in order

to be kept up, must be enough to pro-

duce the desired benefit, must be made at-

tractive and enjoyable. It requires a mental

determination very like heroism to keep up

any gymnastic exercise for the sake of

health. Even horse-riding, which is as

chilling as any solitary exercise, can be-

come a burden, and everyone can see by their

own experience that very active exercise at

long intervals, is a damage rather than a

benefit. In this climate we cannot have ice

skating, and for several months out door ex-

ercise is out of the question, or attended with

exposure to health. In the Atlantic States

and in Europe roller skating is taking the

place of skating on ice, and is attended with

less risk and exposure and may be enjoyed by

all classes and conditions of people.

This exercise is also beneficial in its social

and moral results. It quickens the mind, de-

velops and disciplines judgment, activity and

skill; imparts a sure, elastic step, easy

manner and graceful bearing, which accom-

plishments once attained, remain to be admi-

red and respected throughout life. Those who

are awkward by nature will acquire grace of

motion and confidence of manner on rollers.

It affords just the sort of recreation required

by our young girls for their physical develop-

ment, while it is an attraction sure to allure

from pernicious influences and, vile banquets,

our young men and boys.

Golden Wedding.

Sunday afternoon, at five o'clock, the re-

latives of Benjamin Strauss, Esq., and lady

tendered him a reception at Tuna Hall, it be-

ing the occasion of their golden wedding.

This estimable couple were married in

Ellerstadt, Prussia, on the 25th February, 1822;

made Europe their home for the first twenty-

six years of their married life, and emigrated

to this country in 1848, since which time

they have lived in this city, venerated and

respected by a numerous concourse of friends.

They have been blessed with ten children, all

of whom (with one exception) were present

on this occasion. The eldest son, Charles, a

resident of Vancouver Island, British Colum-

bia, after an absence of eleven years, visited

his home and parents to participate.

Children and grand children arrived from

Boston, New York, and Wilmington, (N. C.)

and other relatives from the above mentioned

cities, including one nephew from Concord,

N. H., and two nieces from Europe. There

were present also nearly fifty grand-children,

the oldest of whom is 21 years, the youngest

3 months.

The ceremony took place at about 5

o'clock, at which time two hymns were form-

ed through the hall by placing the grand-children

in line, the males on the one side, the

females on the other. The grand father, ac-

companied by the eldest son, Charles, passed

between them, followed by the grand-mother

with the eldest daughter, Mrs. L. H. Asher.

Directly following these came L. H. Freed-

man, Esq., and lady, Isaac Strauss, Esq., and

lady, M. Kahn, Esq., and lady, Abraham

Strauss, Esq., and lady, M. Greenbaum, Esq.,

and lady, L. L. Strauss, Esq., with his sister,

Mrs. D. H. Freeman, of Boston, all children

with their husbands and wives. All these

passed to the stage where the aged couple

were seated, and the Rev. J. G. Walker, of

the Court street Synagogue, performed a

marriage ceremony adapted for the occasion,

choosing for his text, "Ye shall worship this

day for it is a day of jubilee." He alluded to

their goodness in life, and spoke of the joy

that this day afforded. He also entered into

a short family sketch, giving the ages of

the couple, 75 and 73 respectively, and the

ages of their offspring. At the conclusion of

the ceremony Prof. George E. Day, of Yale

College, made a few happy remarks.

At twelve o'clock the festivities closed, all

wishing that Mr. and Mrs. B. Strauss might

live to celebrate their diamond wedding.—

New Haven Paper.

The San Juan Question.—We published

an article yesterday which we took from an

exchange, and which would have us believe

the San Juan matter had been virtually set-

tled in favor of the United States. There

can be no doubt that the report, for the re-

port, to have yet been laid before the Emper-

or of Germany. The arbitration does not close

until about July next; and it will no doubt

take considerable time after that date shall

have elapsed, before the Emperor shall have

rendered his decision. Six months will be

as early as we can expect to know the

result.

The services of Mr. Mallandaine have too

been dispensed with, as the transit of the

Fraser valley survey party. This is also

to be regretted, as Mr. Mallandaine cancelled

two positions, in order to accept his late

appointment, which we are informed, he had

been led to understand was permanent.

FOR THE INLET.—The ship Witch of the

Wave was towed up to Hastings Mill, Bur-

rard Inlet, yesterday by the steamer Grappler.

SEED TIME.—The farmers in the various

districts are busily engaged ploughing and

preparing the ground for spring work.

PASSAGE UP.—The California from Portland,

passed up the Sound yesterday afternoon.

She will be due here about Sunday.

FOR THE SOUND.—The steamer North Pa-

cific left for Olympia yesterday morning at 3

o'clock.

EDITOR STANDARD.—Not being in the con-

fidence of your correspondent "Caus," in

Wednesday's issue; I can only surmise that

New York, March 28.—A special dispatch

from Matamoros says General Trevino's of-

ficial report of the battle of Zacatecas states

he had combined the revolutionary forces

from San Luis Potosi and Jalisco, in all

8,000, for the attack. Trevino admits his

loss to be 800, dead and wounded, but claims

the enemy suffered equally.

New York, March 28.—Bark Nimrod was

burned at sea near Bermuda on the 9th inst;

of 17 passengers 10 were saved. The vessel

was loaded with naphtha and kerosene.

The Commander of the Pizarro was ordered

to fire on the Spanish man-of-war should she

attempt to molest the Virginia.

CALIFORNIA.

San Francisco, March 27.—It is positively

asserted that the rebel general, Porfirio, is in

this city and intends to make his way to

Matatlan. He came overland via New York.

The jury in the case of Dickson and Murray,

who were indicted for rape on Calhoun, O'Hara,

returned a verdict of guilty against

Dickson, and not guilty against Murray.

The audience attempted to applaud but were

instantly checked. Dickson will be sentenced

on Saturday. The poor girl will now be re-

stored to her mother.

VIENNA. March 27.—About half-past two

this morning the town was again visited by

an earthquake, which did nothing to compare

with the one before. Several shocks have

been felt during the day.
